

# 2016 GOBA Campground Rules

For the health and safety of all participants, we ask you to help us maintain the following camp rules.

No alcohol in camp. No firearms in camp.

No smoking within 50 feet of any tent structure or where signs prohibit.

No animals in GOBA camp.

No fires, open flames, cooking, fireworks (legal or not) in GOBA camp.

No vehicles within 20 feet of any tent.

Local fire codes do not allow camping inside buildings unless specifically designated for this. You will be asked to move if you do not observe this rule. Or local fire officials may require us to do this for you.

Do not block fire lanes.

Pitch your tent only in designated areas, or you will be asked to move. If a significant safety issue is breached by the location of your tent (such as in a marked fire lane), your tent will be moved for you.

You are requested to maintain 5' separation between the 3 tents on your site and 10' from the tents on the adjacent site.

No dumping of gray water on the ground. Use designated receptacles.

For first aid in camp, seek assistance during the day from local first aid set up near the GOBA Medical RV; during the night from the GOBA Medical RV. A local law enforcement officer will be in GOBA camp around the clock. He/she can also help you locate emergency assistance.

Wear your helmet at all times while riding your bike, even in camp.

Riders' vehicles will be allowed in the designated "Car Camper" or other designated parking area. No vehicles other than GOBA official vehicles are allowed in the tent camping areas.

If using walkie-talkies in camp, please avoid using Channel 10, the GOBA operations channel.

Quiet hours are 9:30 pm to 5:00 a.m. No generators running.

## Thanks and have a good GOBA!
